Software Package

Powerful Software Features

Item Modifiers

Add sizes, options, and extras with automatic price adjustments—no mental math required.

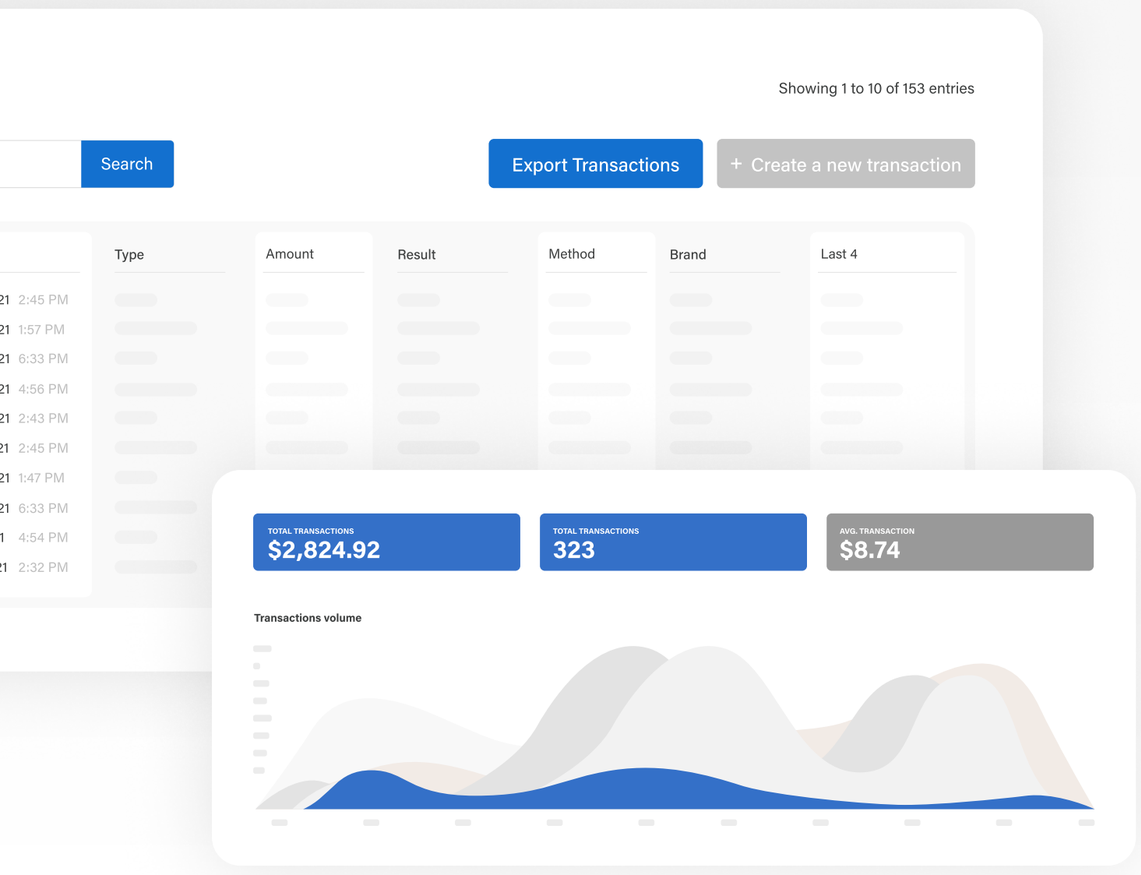

Tax selection interface

Apply different tax rates to specific items in a single transaction—perfect for businesses with varied inventory.

Business Insights at Your Fingertips

Transform every sale into actionable business insights with integrated reporting accessible from any device.

Receipt Printers and Cash Drawers for Tablet Setups

Connect compatible Bluetooth or USB receipt printers and automatic cash drawers to your tablet for a complete countertop setup.

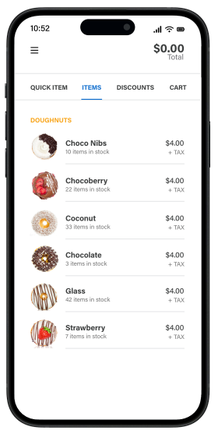

Accept every payment type, print professional receipts, and manage cash seamlessly — all powered by SwipeSimple Register software.

Hardware Compatibility

Works With Your Existing Setup

Runs seamlessly on iOS, Android, and specialized POS hardware—use what you have or upgrade as you grow.

iOS/Android Phone

iOS/Android Tablets

PAX A80 and A920
